Suspension	Bogie Construction		Multi Leaf Spring Suspension
Wheels	385/65 R22.5 Remould (Other Options available)		

Key Visual Differences

- GP 12 and GP 14 - The tipping bin is 185mm higher in the GP 14 than the GP 12 & has a bigger brake - all other dimensions and build of the dumper is the same.
- GP 16 is 500mm longer than a GP 14, and the tipping bin is the same height as a GP 14.
